

**PROPERTY TAX APPEAL BOARD'S DECISION**

APPELLANT: Geril Zern  
DOCKET NO.: 04-24552.001-R-1  
PARCEL NO.: 09-10-301-118-0000

The parties of record before the Property Tax Appeal Board are Geril Zern, the appellant, by attorney Edward Larkin of Park Ridge and the Cook County Board of Review.

The subject property consists of an unimproved 32,125 square foot parcel, unimproved, located in Northfield Township, Cook County.

The appellant, through counsel, submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered a spreadsheet detailing 14 suggested comparable properties located in the same coded assessment neighborhood as the subject. These properties have parcels ranging in size from 6,534 to 285,754 square feet of land area. Seven of the parcels are improved, six are vacant land and one is under the same ownership as an adjacent improved residential property. The appellant claims the subject's per square foot land value unit is \$5.50 per square foot while 14 comparables have per square foot land value units ranging from \$0.25 to \$1.75. The appellant's spreadsheet disclosed property index numbers, per square foot land unit values and total square footage for each of the 14 properties. The unit values suggest the parcels have land assessments ranging from \$0.04 to \$0.28 per square foot. A copy of the board of review's 2004 final decision was also proffered. Based on the foregoing the appellant requested a reduction of the subject land assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final land assessment of \$28,305, or \$0.88 was disclosed. The board of review's evidence revealed that the subject parcel is classified as a class 2-41 under the Cook County Real Property Assessment Classification Ordinance;

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	3,860
IMPR.:	\$	-0-
TOTAL:	\$	3,860

Subject only to the State multiplier as applicable.

"Vacant land under common ownership with adjacent residence."

In support of the subject's assessment, the board of review offered property characteristic sheets and a spreadsheet detailing the subject. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The Property Tax Appeal Board finds that the board of review failed to address the appellant's inequity argument and failed to submit evidence in support of its assessment. The Board finds that the only evidence of the equity of the subject's assessment was submitted by the appellant. Therefore, based on the comparables in the record, the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
